

Gränslöst Tullager®

IMPROVE YOUR LIQUIDITY AND CREATE A SIMPLER EXISTENCE WITH OUR BONDED WAREHOUSE SERVICE (GRÄNSLÖST TULLAGER®)

DAMCO HELPS YOU TO TRANSFORM YOUR WAREHOUSE INTO A BONDED WAREHOUSE, SAVING YOU MONEY AND SIGNIFICANTLY IMPROVING YOUR LIQUIDITY AND CASH FLOW

With our product "Gränslöst Tullager®", your commodity will remain uncleared in your warehouse until you decide to deliver it. This means that you will only pay duties and VAT when the goods have been sold and delivered out of your warehouse. If your goods are sold to a non-EU country, like Norway or Switzerland, you will not need to pay duties and VAT when the goods are exported out of Sweden.

- Increased liquidity
- Reduced tied up capital in the warehouse
- Simple customs handling
- Improved cash flow

WHAT IS A BONDED WAREHOUSE?

A bonded warehouse is an approved place where you can store your or others' uncleared goods. If you do not use or sell your item immediately upon import, you can assign it to a customs warehouse. In this manner you avoid having to pay customs duties and other taxes and fees. Only when you remove the goods from the warehouse, do you then need to provide the customs declaration and pay the required fees.

WHAT'S IN IT FOR YOU?

We handle the administration of the customs warehouse, so that you can concentrate on what you are really good at. Our competent staff ensures that all customs procedures are correct and adhered to and you save both time and money. The only thing required of you is that your company has a credit permit with the Customs authorities and that you pay your duties and VAT in the same manner you do today. We have all the required permits and certificates.
